

October 12-16, 2008

Oticon Auditorium

Technical University of Denmark

150 Years of Vortex Dynamics

A symposium celebrating the sesqui-centennial of Helmholtz's seminal paper on vortex dynamics.

Contributions on all aspects of vorticity and vortex dynamics, retrospective as well as current research, are invited.

The Symposium will feature keynote lectures, regular lectures, and shorter seminar presentations with posters.

For additional details and updates see the website at:

<http://www.fluid.dtu.dk>

International Scientific Committee:

- H. Aref (Copenhagen and Blacksburg)
- M. Brøns (Copenhagen)
- G. J. F. van Heijst (Eindhoven)
- S. Kida (Kyoto)
- V. V. Meleshko (Kiev)
- P. K. Newton (Los Angeles)
- H. K. Moffatt (Cambridge)

Attendance will be approximately 100 persons and is by invitation only. Registration is DKK 2,500 per person. Students may register at a reduced rate of DKK 1,500.

All technical sessions will take place on the campus of the Technical University of Denmark (DTU) in Lyngby, just north of Copenhagen. Refreshments and lunches will be available at this venue. Lodging and social events will take place in and around Copenhagen.
